

Lower Boise River Flood Risk Community Meeting

June 19, 2012
6:00 p.m. – 8:00 p.m.

Garden City Council Chambers
6015 Glenwood Avenue
Garden City, Idaho

Meeting Objectives:

- Communicate the significant flood risk for those living in the Boise River floodplain.
- Explain operating criteria and 2012 operations of the Boise River dams and reservoirs (Lucky Peak Dam, Arrowrock, and Anderson Ranch).
- Describe recently completed Boise River flood inundation maps, a flood risk tool the community can access on the internet.
- Inform about a study being conducted to revise Boise River flood insurance rate maps.
